HF/EO,

Seems the efforts of the MAN on behalf of our model community initiatives may come at a cost to YSP. Rob would like to meet with us soonest to discuss.

EO - I checked your calendar and you are free at 10:00 (and meeting with Rob at 11). HF - I can't tell if you're in on Monday or not.

Please confirm that Monday at 10 is good and I'll confirm with Rob. Let's book an hour and hope to use less time.

If it isn't good, I can represent all of us. If you would prefer that you be there, give me good dates/times for the following week.

thanks.

KC
