Re: AA Release

The enclosed release has been reviewed with Sally. Subject to your approval, our plan is as follows:

Since the sell-in is moving ahead earlier than we discussed, I believe we should be ready to issue the release as soon as we get a call from an important marketing and advertising publication or writer after next week's board meeting. If we should get a call prior to the meeting, we will stick with no comment. yes!

Working with Kaye McCaffery, I am contacting YSL to coordinate. When we get the call here, we will immediately inform them so that their release and ours can go as close together as possible.

Our release will go to the tobacco trades, marketing and advertising writers and the test market areas. They will cover the fashion trades.

Let me know if the release and plan meet your approval.

*Done*
