Mr. W. T. Hoyt
Executive Vice President
Council for Tobacco Research, U.S.A.
110 East 59th Street
New York, New York 10022

Dear Mr. Hoyt:

As you will recall, the Tobacco Council has on several occasions supported my work on the production of cancer in rabbits by bacterial toxins and acids. I need \$12,000 to complete this work and would greatly appreciate it if this amount could be supplied.

I am anxious to resume this work as soon as possible and would need the whole amount at once as the work will be carried rapidly to conclusion.

The check should be made to the Golightly Foundation. The secretary and treasurer of this organization is Mr. Ernest Williams III. His address is First National Bank Building, Memphis, Tennessee 38103.

Sincerely,

Douglas H. Sprunt
